### Airports:

It is possible to reach Nijmegen from different airports:

- From Düsseldorf Weeze airport (Germany): ~45 min  
This airport is the closest to Nijmegen. A shuttle-bus from the airport arrives directly at the train station of Nijmegen.

The shuttle-bus leaves from bus stop N° 5 that you will find just on the right when you go out of the airport. Reservation necessary at least 24 hours before. Shuttle website: <http://www.airport-weeze-shuttle.de/>

- **From Amsterdam Schiphol airport: ~1h30**

Schiphol is a big airport and the main advantage is that the train station is in the basement of the airport itself. From there take a direct train called "intercity" Amsterdam Schiphol-Nijmegen or with a change in Utrecht Centraal. See train information below.

- **From Eindhoven airport: ~1h30**

It is a small airport and you can reach Eindhoven train station by bus (Line 401 "richting"=direction Eindhoven Station). Then take a train "intercity" richting Amsterdam Centraal, change in 's-Hertogenbosch to Nijmegen. See train information below.

- **From Rotterdam airport: ~2h10**

It is also a small airport and you can reach Rotterdam train station by bus (Line 33 richting Centraal Station via Airport). Then take a train "intercity" to Utrecht Centraal, and change there to Nijmegen. See train information below.

### Trains:

General advise: Avoid to take the train "Sprinter" which will stop in EVERY possible city/village. It will make your travel much longer! Instead, go preferably to "Intercity" trains.

- Ns.nl website <http://www.ns.nl/en/travel-information> is the official page of the Dutch train system. You can consult it to check the schedule, the tickets price and to monitor any eventual delay on the lines. You can buy tickets ONLY at the train station. To understand how to buy a Dutch train ticket please read the info in the link below: <http://www.amsterdamtips.com/tips/train-tickets-in-netherlands.php>.
- 9292 (<http://9292.nl/en>) is also a fantastic tool to help you to plan the trip by train and/or by bus

## Signposting system

The Radboudumc uses a signposting system with route numbers. Each department has its own route number. You will find information boards in Dutch stating the department route numbers near the main entrance. These route numbers enable you to follow the numbered signs from the entrance to the department in question.
